

18-19 HIGH PERFORMANCE RENTAL SNOWBOARDS

MEN'S SNOWBOARDS

BATALEON

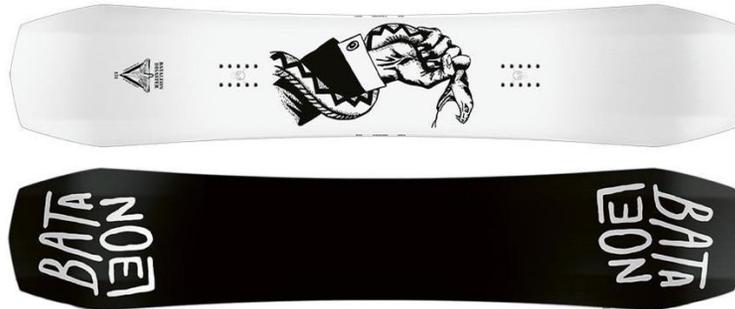

Bataleon DISASTER

Flex: 2/10

Manoeuvrability: 4/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 153

Description: A true twin in every sense with JIB TBT for stable board slides with great bend and super legit presses. The DISASTER is built around a TOUGHCORE to give it a soft flex without sacrificing strength.

Features: Jib Tech 3BT (triple base technology)

Best in: Freestyle

Bataleon EVIL TWIN

Flex: 5/10

Manoeuvrability: 8/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 154,157

Description: Very poppy and super stable. A true twin shape with Jib Tech TBT, the EVIL TWIN is equally at home on big park kickers and backcountry booters. It also carves like a dream on groomers.

Features: Freestyle 3BT (triple base technology)

Best in: Freestyle, all-mountain

Bataleon FUN.KINK

Flex: 4/10

Manoeuvrability: 8/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 154, 157

Description: A true twin built around the softest version of Bataleon's CORE core. This gives it a very soft flex without sacrificing strength and makes the FUN.KINK one of the most forgiving and fun-to-ride men's boards

Features: Freestyle 3BT (triple base technology)

Best in: Freestyle, all-mountain

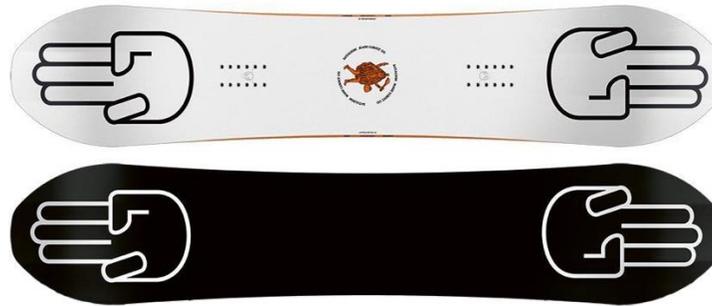

Bataleon MAGIC CARPET

Flex: 6/10

Manoeuvrability: 8/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 154

Description: The Magic Carpet is a freestyle, pow floating machine so, they couldn't name it anything else, the Twin Pow3BT providing a sturdy and responsive ride when riding over those freshies.

Features: Twin pow 3BT (triple base technology)

Best in: Freestyle, all-mountain, powder

Bataleon PARTY WAVE

Flex: 4/10

Manoeuvrability: 6/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 148

Description: The Party Wave is a short fat shape that is destined for good time on and off piste. A party by itself, the Party Wave is meant to be ridden 5-10cm shorter than your all mountain board for maximum performance and maximum fun, giving you extra agility and less weight without losing the stability to charge through powder and pull off powerful carves.

Features: Pow 3BT (triple base technology)

Best in: All Mountain

DINOSAURS WILL DIE

Dinosaurs Will Die BILOCQ

Flex: 6/10

Manoeuvrability: 8/10

Camber: Lowrider camber

Lengths: 155

Description: The Bilocq has a flat profile and mid-soft flex and makes for a perfect balance of all-mountain performance and jibby playfulness while the elliptical side cut dives into turns and sends you out at light speed.

Features: Poplar wood core, Sintered base, ABS sidewall

Best in: Freestyle, all-mountain

Dinosaurs Will Die BOGART

Flex: 4/10

Manoeuvrability: 5/10

Camber: Flat camber

Lengths: 146,152

Description: Everyone's going to want a turn on this Flat Camber board, but you get to keep it all to yourself. No sharing.

Features: Poplar wood core, Sintered base, ABD sidewall

Best in: Freestyle, all-mountain

Dinosaurs Will Die GEEVES

Flex: 5/10

Manoeuvrability: 7/10

Camber: Flat camber

Lengths: 154, 157

Description: Geeves's pro model is aimed at bigger footed riders who are looking for a park inspired all-terrain board that blurs the line between all mountain riding and freestyle feel. Built around a wide twin tip platform and utilising DWD's Lowrider Camber, the Geeves delivers great performance wherever and whatever you ride

Features: Poplar wood core, Sintered base, flat bank tips

Best in: Freestyle, all-mountain

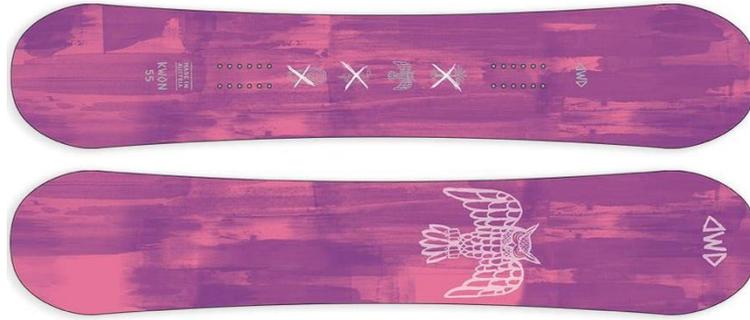

**Dinosaurs Will Die
KWON**

Flex: 6/10

Manoeuvrability: 7/10

Camber: Flat camber

Lengths: 155

Description: The Kwon has a poplar wood core is reinforced with a Carbon V, enhancing edge control and keeping the pop consistent throughout its life. It will handle anything from chowder, groomers, and fresh dumps

Features: Poplar wood core, Sintered base, ABS Sidewall

Best in: Freestyle, all-mountain

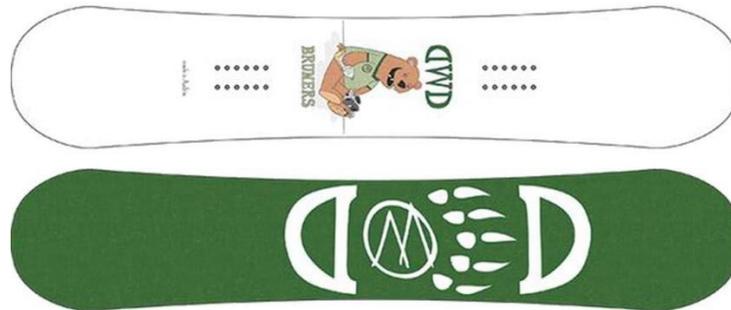

**Dinosaurs Will Die
MAET**

Flex: 3/10

Manoeuvrability: 5/10

Camber: Camber

Lengths: 155, 158

Description: The Maet is a mid -wide freestyle shred stick with a full camber profile that will rip lips and pop off hits like a thoroughbred velociraptor!

Features: Poplar wood core, Extruded base, ABS Sidewall

Best in: Freestyle, all-mountain

**Dinosaurs Will Die
PERRY**

Flex: 4/10

Manoeuvrability: 5/10

Camber: Reverse camber

Lengths: 153

Description: The Perry Snowboard has the whole coop egg-cited. Every feature on this jib happy, freestyle board was made to balance playfulness and pop, from the flat camber design to the mid-soft flex.

Features: Poplar wood core, Sintered base, Biaxial glass

Best in: Freestyle

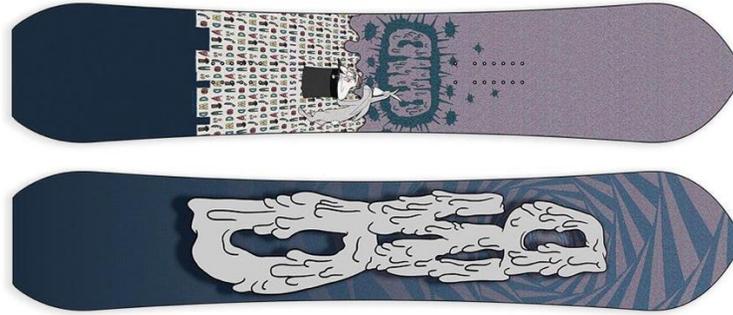

**Dinosaurs Will Die
WIZARD STICK**

Flex: 4/10

Manoeuvrability: 8/10

Camber: Camber

Lengths: 158

Description: the Wizardstick brings that trendy directional pointy shape that we've been seeing all over the shop to a board that you can take anywhere on the hill. Rail some proper carves, pop off some sidehits, the mid-soft flexing Wizardstick could very well be one of the most fun boards on the planet.

Features: Poplar wood core, Extruded base.

Best in: Freestyle, all-mountain

NEVER SUMMER

**Never Summer
PROTOTYPE II**

Flex: 5/10

Manoeuvrability: 6/10

Camber: Hybrid camber

Lengths: 155, 158

Description: Play, press, bounce, and arc with confidence knowing that the Proto -Type will offer the response and lively feel you've always dreamed of having underneath your feet.

Features: Carbon topsheet, wood core, ptex sidewall, sintered base

Best in: Freestyle, all-mountain

**Never Summer
WARLOCK**

Flex: 3/10

Manoeuvrability: 5/10

Camber: Hybrid camber

Lengths: 153,156

Description: This all -black matte topsheet board is laid up with carbon and a Press Flex Core in order to take on the mountain with a unique approach

Features: Carbonium topsheet, wood core, ptex sidewall, sintered base

Best in: Freestyle, all-mountain

NICHE

Niche

KNEW

Flex: 4/10

Manoeuvrability: 6/10

Camber: Flat camber, rocker tip and tail

Lengths: 152, 155

Description: It's no surprise The Niche Knew is a Good Wood winner for its ride. A soft twin flex, centered stance, and flat camber make it an amazing park board that excels on jumps, rails, and presses. Predictable and smooth, lightweight and playful.

Features: Paulownia, poplar and bamboo wood core, snappy sap bio resin, sintered base, 2x traction bumps.

Best in: Freestyle

Niche

PYRE

Flex: 7/10

Manoeuvrability: 7/10

Camber: Rocker Camber

Lengths: 155

Description: Destroy pow, not the planet. The Niche Pyre Snowboard is a blunt-nosed powder machine that you can keep riding when the resort gets tracked up. A fun directional shape that's not so over-the-top that it can't handle groomers, it's got a couple traction bumps as it tapers to a mini swallowtail.

Features: Paulownia wood core with basalt stringers, Snappy sap bio resin, sintered base

Best in: all-mountain

Niche

THEME

Flex: 5/10

Manoeuvrability: 7/10

Camber: Camber dominant hybrid

Lengths: 155, 158

Description: The Niche Theme Snowboard has tons of pop and a supple flex pattern that lets you boost, butter, and carve to your heart's content. With a catch-free and lightweight tip and tail, you'll find yourself going for that extra 180 a little more often.

Features: Paulownia, poplar and bamboo wood core with flax stringers, Snappy sap bio resin, sintered base, 2x traction bumps

Best in: Freestyle, all-mountain

NITRO

Nitro FURY

Flex: 7/10

Manoeuvrability: 8/10

Camber: Cam out camber

Lengths: 157

Description: The Quiver Fury is a stiffer Power Core II construction mated to a responsive but forgiving Dual Digressive sidecut helps the Fury rip, pop, and float for proper all-terrain riding from the party laps of the groomers to the locals-only secret lines

Features: Powercore II, tri-lite laminates, Sintered base, ballistic impact panels, Rail killer edge.

Best in: Freestyle, all-mountain

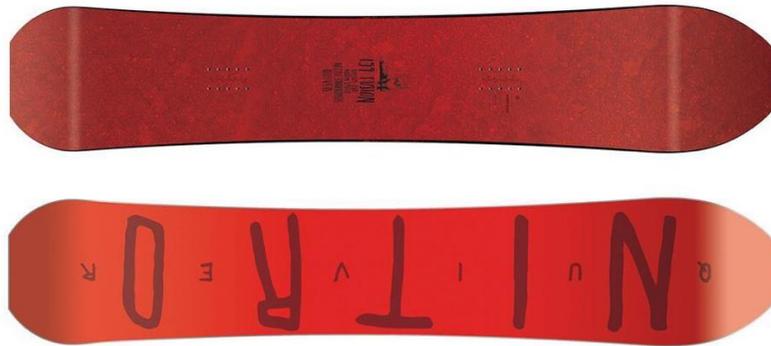

Nitro FUSION

Flex: 7/10

Manoeuvrability: 9/10

Camber: Cam out camber

Lengths: 154

Description: The Quiver Fusion, a thinner core between the feet helps with torsional flex for better steering on this missile. This stiffer freeride and powder focused board is great for that rider that loves the art of the turn and the good ol' fashioned huck.

Features: Powercore II, sintered base, progressive sidecut, Bi-lite laminates.

Best in: all-mountain

Nitro SQUASH

Flex: 6/10

Manoeuvrability: 7/10

Camber: True camber

Lengths: 153, 159

Description: The Squash is a fully cambered, compact design meant to lock in and rail hard in any conditions. The angular short tip and long effective edge give you the power you're looking for when you want to generate some G-forces, while the truncated swallowtail lets the board float effectively in deep conditions.

Features: Powercore II, sintered base, progressive sidecut, Bi-lite laminates

Best in: all-mountain

Nitro
TEAM EXPOSURE

Flex: 7/10

Manoeuvrability: 7/10

Camber: True camber

Lengths: 155, 157

Description: The Nitro Team Exposure features jaw-dropping graphics on top of a fully cambered, lightweight, and versatile all-mountain quiver of one. The Reflex Core profile is thinner between the feet for easier turn initiation, while the Dual Digressive sidecut is forgiving and playful yet dialed in when pushed

Features: Powerlite core, sintered speed base, Dual digressive sidecut.

Best in: Freestyle, all-mountain

ROME

Rome
AGENT RK1

Flex: 8/10

Manoeuvrability: 7/10

Camber: Camber

Lengths: 155

Description: The Rome Agent RK1 is the weapon of choice when the terrain calls for epic responsiveness and raw power for getting up, up, and away. Carbon, Zylon, and a StraightTriax 30 degree layup turbo charge this scalpel of a board for picking apart the mountain with precision steeze.

Features: Super pop core, Turbo rods, Sinter-speed base, Triax Laminates.

Best in: All mountain

Rome
GANGPLANK RK1

Flex: 6/10

Manoeuvrability: 6/10

Camber: Flat camber, rocker tip and tail

Lengths: 155

Description: The Gang Plank is built on a true twin platform with a bamboo barrel for added pop, this classic all-mountain and freestyle killer can hang on the groomers, get weird on your favorite features, and pop a good one off transitions with the best of them.

Features: Pop core matrix, Rebound side-walls, Sintertrue base.

Best in: Freestyle, all-mountain

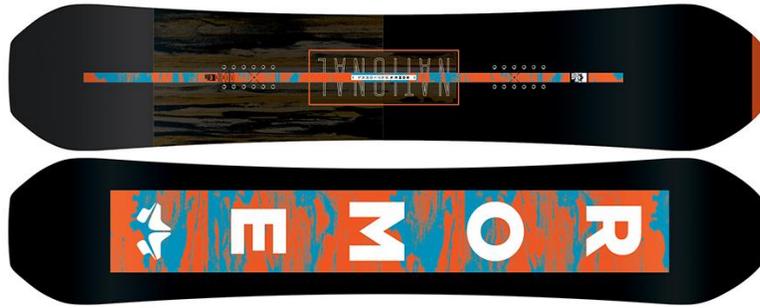

Rome
NATIONAL

Flex: 7/10

Manoeuvrability: 9/10

Camber: Camber

Lengths: 157

Description: For those of you who are happiest on a camber-dominant board, take a serious look at the Rome National Snowboard for your all-mountain freeride needs. All-terrain mastery stems from a lightweight, responsive SuperPop core combined with snappy 45 and 90 degree fiberglass and a carbon barrel down the middle for dampness, snap and power

Features: Super pop core, 45-90 carbon hybrid laminates, turbo rods, Sinterstrong sidewall, sinter speed base

Best in: All Mountain

Rome
RAVINE

Flex: 7/10

Manoeuvrability: 7/10

Camber: Camber

Lengths: 155

Description: the Rome Ravine is here and ready to strut like an all-mountain freeride king. 3D rocker in the spooned nose helps keep the tip up in walls of deep white while camber in the tail lets you lay trenches on everything from fluffy fresh to morning corduroy.

Features: Pop core matrix, Hot rods, Sinter true base, Bamboo thruster pattern.

Best in: All Mountain, Freeride

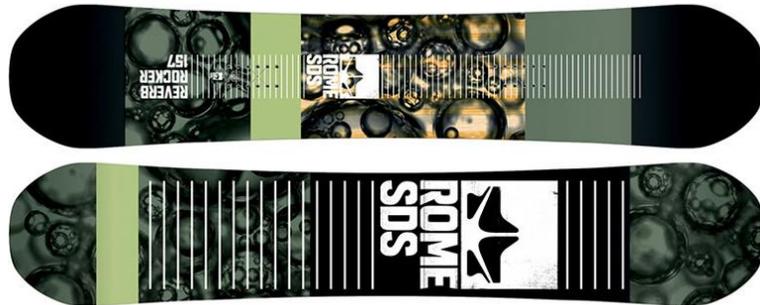

Rome
REVERB ROCKER

Flex: 5/10

Manoeuvrability: 8/10

Camber: Hybrid camber

Lengths: 155

Description: Constructed with a mild flex, true twin shape for riding switch with no stance set back and a rocker, camber blended profile. This results in a board that feels just as fun riding natural terrain as it does on groomers.

Features: Super pop core, Hot rods, Sintered base.

Best in: Freestyle, all-mountain

SALOMON

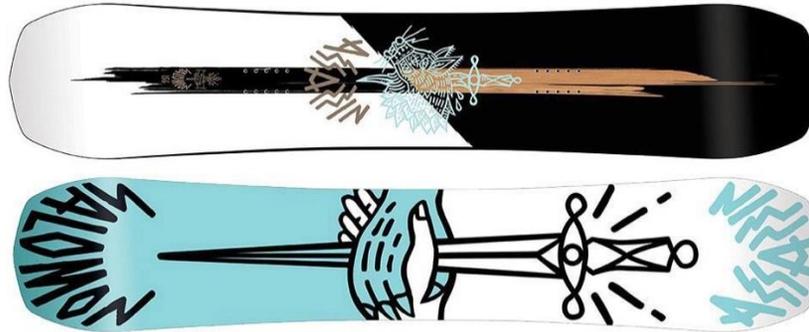

Salomon ASSASSIN

Flex: 5/10

Manoeuvrability: 7/10

Camber: Rock out camber

Lengths: 156, 158

Description: This sneaky slayer has a do-it-all twin shape with Salomon's Rock Out camber, a blend of flat and positive camber that yields the benefits of both. Bamboo and aspen fill in a core that's milled to accentuate flex and pop when loading up turns and ollies. Royal cork finish off the sidewalls for a smooth edge feel.

Features: Aspen core, Royal cork sidewall, sintered base

Best in: Freestyle, all-mountain

Salomon ASSASSIN PRO

Flex: 7/10

Manoeuvrability: 8/10

Camber: Rock out camber

Lengths: 155

Description: With all the features the original Salomon Assassin houses, the Assassin Pro just ups the ante. Its Sintered Base requires more care than an extruded base would, but increases speed and takes your ride from semi to full blown professional

Features: Popster booster, Ghost green core, gunslinger sidewall, sintered base

Best in: Freestyle, all-mountain

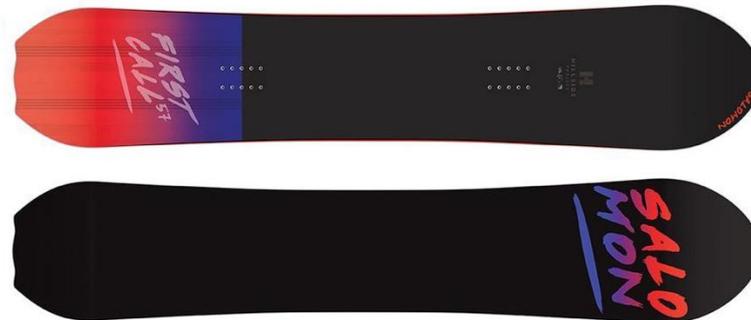

Salomon FIRST CALL

Flex: 5/10

Manoeuvrability: 7/10

Camber: Rock out camber

Lengths: 151, 157

Description: From wind lips to cat tracks, park to pow, the Salomon First Call Snowboard is a board that blends the characteristics of a pow stick and freestyle deck for progressive riders.

Features: Aspen select core, ABS sidewall, sintered base

Best in: Freestyle, all-mountain

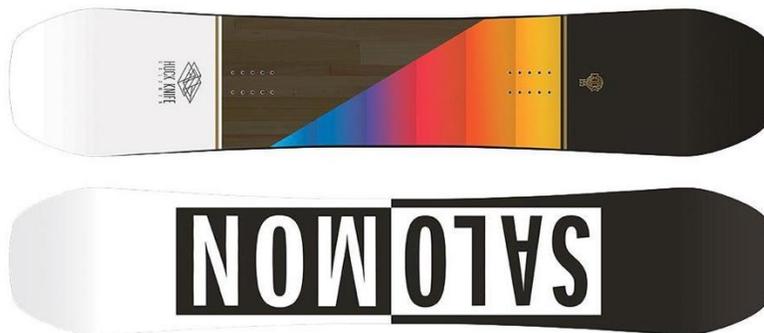

Salomon HUCK KNIFE

Flex: 6/10

Manoeuvrability: 8/10

Camber: Quad camber

Lengths: 155, 158

Description: Hucking really should be the biggest part of everyone's vocabulary, so the freestyle focused Salomon Huck Knife is here to ensure we all make the cut. A classic blunt shaped park board to bring you straight into some righteous airtime and swagged out presses.

Features: Aspen core, Slingshot sidewall, sintered base.

Best in: Freestyle, all-mountain

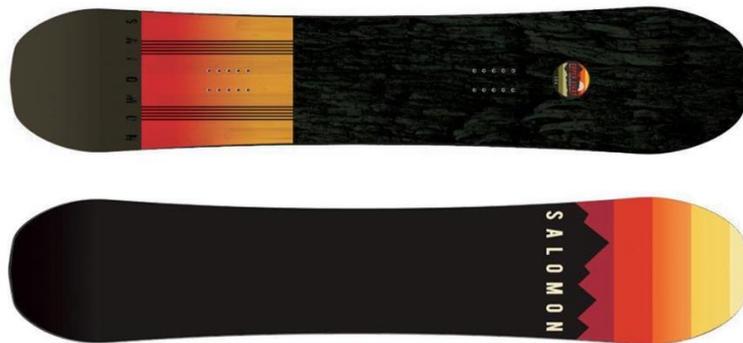

Salomon SUPER 8

Flex: 7/10

Manoeuvrability: 5/10

Camber: Back seat camber

Lengths: 154

Description: Verging on super power like abilities, the Salomon Super 8 will turn the mountain into your playground. Built wide and set back with Backseat Camber for insanely fast maneuverability and control on steeps

Features: Popster core, Royal rubber pads, Sintered base

Best in: Freeride, all-mountain

Salomon VILLAIN

Flex: 5/10

Manoeuvrability: 7/10

Camber: Rock out camber

Lengths: 153, 155w

Description: The Villain is a freestyle board with real all-mountain capabilities. The Camber in the 'Rock Out Camber' profile provides pop and precision, while the mellow tip and tail rises make for effortless presses and improves the float in soft snow

Features: Aspen select core, slingshot sidewall, sintered base

Best in: Freestyle, all-mountain

Salomon
ULTIMATE RIDE

Flex: 7/10

Manoeuvrability: 9/10

Camber: Quad camber

Lengths: 155, 158

Description: Living up to its title, the Ultimate Ride Snowboard is the quintessential board for the practicing snow wizards of the world. Its responsive flex provides a stable connection between board and rider, while the Quadralizer Sidecut gives complete control over turns and packing heat when it comes to speed.

Features: Green ghost core, gunslinger side-wall, Area 51 sintered base

Best in: Freestyle, all-mountain

WOMEN'S SNOWBOARDS

BATALEON

Bataleon **DISTORTIA**

Flex: 4/10

Manoeuvrability: 6/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 143,149

Description: The sister of the men's Evil Twin board. Complete with an Extruded Base, a Pop Core, and Bi-ax Laminate, this board is jam-packed with the works for an amazing ride that'll last.

Features: Jib Tech 3BT (triple base technology)

Best in: Freestyle

Bataleon **FEELBETTER**

Flex: 3/10

Manoeuvrability: 6/10

Camber: Rocker on the sides,
camber in the middle

Lengths: 143

Description: The Feelbetter has been fully updated, taking the successes of the previous Feelbetter boards and improving on them, creating an incredible female-specific board that fuels progression and inspires confidence in any rider lucky enough to strap into it.

Features: Freestyle 3BT (triple base technology)

Best in: All mountain, Freestyle

Bataleon **SHE W**

Flex: 3/10

Manoeuvrability: 6/10

Camber: Flat camber

Lengths: 144, 147

Description: The Fate Snowboard, your search has come to an end. Featuring responsive Flat Camber and a Dual Digressive Sidecut, the Fate can arc turns top to bottom. Hop on the Nitro Fate Snowboard and shred the whole mountain with ease.

Features: Powercore II , extruded base

Best in: Freestyle, all-mountain

Nitro MYSTIQUE

Flex: 4/10

Manoeuvrability: 7/10

Camber: Gullwing camber

Lengths: 146, 149

Description: the Nitro Mystique Snowboard is a board that you'll feel like you've been riding for years. Playful, catch -free and forgiving, the Mystique lets your spirit fly free and venture around the resort without the limitations of a terrain -specific board.

Features: Powercore II , extruded base

Best in: all-mountain

ROME

Rome HEIST

Flex: 7/10

Manoeuvrability: 7/10

Camber: Hybrid camber

Lengths: 142, 146

Description: The Rome Heist is the perfect tool to help steal away bluebird days on the mountain. With rocker creating the smooth turn engagement along with the snap and stability of the camber, this board is perfect for all-mountain adventures by keeping you comfortable and in control when there is fresh powder or overrun chunder.

Features: straight biax laminate, wood core, hot rods, quick rip sidecut.

Best in: all-mountain

Rome HEIST

Flex: 7/10

Manoeuvrability: 7/10

Camber: Flat camber

Lengths: 146

Description: The epitome of perfection, the Rome Kashmir brings all-mountain riding abilities to any woman-warrior of winter. It's true twin shape and flex pattern make pressing in the park incredibly comfortable and essential when it comes to swooping through a glade full of trees.

Features: straight biax laminate, Pop core matrix, hot rods, quick rip sidecut.

Best in: Freestyle, all-mountain

SALOMON

Salomon GYPSY

Flex: 4/10

Manoeuvrability: 7/10

Camber: Rock out camber

Lengths: 143, 147

Description: Created for all-mountain domination, the medium flex and Rock Out Camber gives this board great feel. Packed in with the Popster Booster, this board's ready to bounce off the snow and Royal Rubber Pads placed on high pressure zones of the sidewall will help absorb the impact while cutting down board chatter.

Features: Aspen core, sintered base, popster booster, triax fibre

Best in: Freestyle, all-mountain

Salomon GYPSY CLASSICKS

Flex: 4/10

Manoeuvrability: 7/10

Camber: Rock out camber

Lengths: 147, 151

Description: Everything you love about the Gypsy but with extras. Now even faster with the Area 51 base and even more edge hold with the Gunslinger sidewalls. From parks, to booters and backcountry side hits. Watch out the Salomon Gypsy just got taken to a new level.

Features: Aspen core, area 51 sintered base, popster booster, triax fibre, gunslinger sidewall

Best in: Freestyle, all-mountain

Salomon OH YEAH

Flex: 4/10

Manoeuvrability: 5/10

Camber: Rock out camber

Lengths: 138, 143

Description: The Oh Yeah Snowboard for unrivalled and fearless approaches to jumps twice your size. The Aspen Strong and Popster Core will get you to new heights in the park, and the Freestyle edge bevel will keep the board carving.

Features: Aspen core, extruded base, popster booster, royal rubber pads

Best in: Freestyle

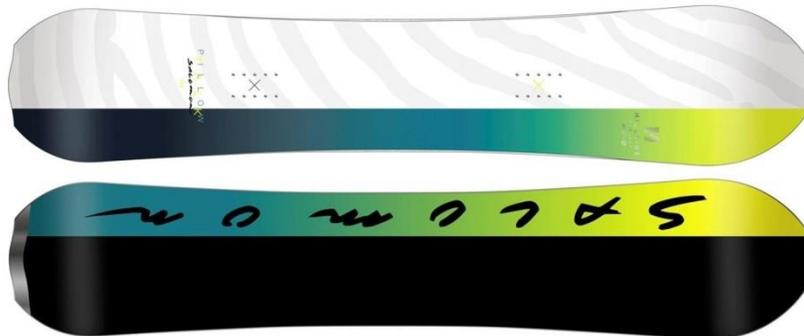

Salomon PILLOW TALK

Flex: 5/10

Manoeuvrability: 7/10

Camber: Rock out Camber

Lengths: 145

Description: The Pillow Talk is tailored specifically for women and is the deep day weapon of choice for Annie Boulanger. The wider, tapered design allows for natural floatation and effortless manoeuvrability while the moderate flex gives you balanced performance whether you're bouncing down a pillow line or laying out carves on an open hill.

Features: Aspen core, sintered base, ABS sidewall, quadralizer sidecut.

Best in: all-mountain

**Salomon
OH YEAH**

Flex: 4/10

Manoeuvrability: 5/10

Camber: Rock out Camber

Lengths: 144

Description: With the Salomon Rumble Fish, you'll never feel like a fish out of water. This women's specific quiver killer come together with the best of Salomon's powder and freestyle board constructions. Rock Out Camber is stable and powerful, with just enough rocker in the tip and tail for easy presses and jibs.

Features: Ghost green core, Sintered EG base, popster booster, royal cork rails

Best in: Freestyle, all-mountain
